CONFIDENTLY MANAGE
THE DIGITAL CAMPUS

CONFIDENTLY MANAGE THE DIGITAL CAMPUS

ADMINISTRATION

Curriculum Review

Eliminate paper-intensive submission, review and approval processes that cause delays in curriculum changes and quickly deliver new or revised programs and courses.

Legal

Automate rules-based approval, routing and escalation tasks to quickly create and securely manage contracts, accelerate reviews and approvals and support vendor relationships.

President's Office

Document approvals and decisions made by senior administrators, executives and board members – such as policy decisions, curriculum changes, staff changes, etc. – to make answering accreditation questions simple.

ENROLLMENT MANAGEMENT

Admissions

Regardless of the application method – paper, fax, email or web – OnBase captures and stores all parts of a student's application and makes it available digitally to approved parties immediately, securely and simultaneously.

Financial Aid

Automate collection of incoming documents and review processing so you respond to applicants faster and more accurately with financial aid options – driving students to your institution.

Registrar's Office

Digitize and electronically store documents in one place. Find files easier, deal with telephone

inquiries faster and process requests in record time – all while eliminating paper forms and manual approval processes.

Transcript Processing

Eliminate manual data entry of individual courses from transcripts and write captured data to your degree audit solution. Leverage existing equivalencies or route those with no equivalency to quickly answer student questions regarding how incoming credits affect degree completion and automatically write new equivalency rules to your ERP.

HR & FINANCE

Accounts Payable

Integrate OnBase with your accounting solution to improve information access, automate processes and eliminate compliance risk – all while extending the value of your existing systems.

Bursar's Office

Automatically track and follow-up on past-due accounts and gain an accurate accountability trail, minimizing audit risks. Offer students and parents online access to bills and accounts.

Human Resources

Decrease the effort and expense of storing and retrieving employee files and increase security and compliance while elevating your service levels.

Onboarding/Offboarding

Automate reminders and give new students, staff and faculty the extra attention they need to feel welcome and experience a successful start on campus, quickly and reliably.

ADVANCEMENT & ATHLETICS

Advancement

With the ability to search for any name, word or phrase in just seconds, you quickly find the person you are looking for – new prospect, current donor, wealthy alumni. Track and access gift agreements, revisions and sign-offs in one place.

Athletics

Seamlessly track compliance with regulations surrounding activities such as recruiting new student athletes, monitoring students' academic eligibility and injury treatment.

By presenting information within your organization's ERP, OnBase adds value to your existing investment. A true enterprise solution, OnBase reduces operational costs while supporting better student service and success.
